2. Develop Management Appraisal and Performance Plan (MAPP) goals for each affected department that align with the objective to provide services and meet the needs of these targeted youth; and

workgroup has been meeting bi-monthly since January to discuss a model for service integration that incorporates existing efforts and best practices with ideas for ensuring that youth receive comprehensive and coordinated services.

While the service integration plan has been finalized, additional time is needed to identify the departmental MAPP goals. Therefore, we request a 60-day extension to complete this report.
